

ROOFS for Tanzanian Churches

New believers are eager to build a church.
Our goal - help them complete their church with a roof.

- New Christians clear the land
- Make their own bricks
- No money to purchase roof materials

- Worship is very important
- Walking for miles during all seasons
- Food and livestock for offerings is common when they have no money.

Encourage our new brothers and sisters in Christ,
be the hands of Christ - help put a roof on their church.

If each church in our district would donate
50 dollars a month for a year all 21 churches will have roofs.

Please make tax-deductible checks payable to
